Publishing is a rapidly changing environment, a hybrid world of print and digital. New channels. New formats. New ways of distribution. And new economic realities at almost every turn.

Publishing processes are being pushed to the limit and the question is how do you adapt? How do you stay ahead? How do you easily bridge the gap between print, online and mobile? How do you get to market more quickly, and perhaps more importantly, how do you do all this without breaking the bank?

In short, how do you do more for less?

Introducing Typefi – the world’s only single-source publishing platform that fully integrates print, online and mobile production in a seamless end-to-end automated workflow. It is cleverly designed to be easy to use and comes with a library of powerful productivity tools to automate the things you do every day.

- Deliver highly-engaging and beautifully crafted content — anytime, anywhere.
- Eliminate redundancy, improve accuracy, and speed time to market by more than 50% without sacrificing design quality.
- Assemble, share, repurpose, and publish content while maintaining consistent branding and messaging.

Designed to work as you do, but much faster.

You get the benefit of years of intelligent automation built right into your publishing workflows from day one. Single-source validated XML, varied and complex layouts, sophisticated typographical composition and beautifully crafted design for print, online and mobile — any format, any device — all at the click of a button.

Workflows to suit every environment and need.

Typefi’s library of flexible and intelligent actions and workflows adds a whole new dimension to automated publishing. When set up, new workflows can be configured and executed in minutes. Take full advantage of over 30 formats optimised for print, online and mobile, or design and script your own to step up your performance. Round trip content between formats with ease. Using Typefi will simply revolutionise your publishing workflows. The fastest way to get your content to market just got faster.

Built to perform, from the ground up.

Since Typefi was founded in 2001, we have focused on building a platform that enables our customers to publish more content to more formats, more quickly. We give our clients an unmatched competitive advantage through unique, powerful publishing automation technologies, and unrivalled training and support. Perhaps that’s why we’re the world’s most recommended publishing platform.
Established in 2001, and with offices in Australia, USA, UK and the Netherlands, Typefi is the world-leading provider of single-source automated publishing for print, online and mobile. Typefi is used by publishers worldwide to solve the fundamental issues content providers face day-to-day to publish complex content faster and more easily to more formats.
